'all need to open your ears up and soak this game up  
If nobody don't know ya I'm gonna make ya'll famous  
This is 24 karats but it shine like stainless  
Just look at how the diamonds compliment my fingers  
[coughing]  
Yes indeed  
Shit chokin me (whoo)  
I need a breath to breathe  
Chasin' with the Hennessy now that's how a G play  
Especially when them hoes shakin that ass to tha DJ  
Hip hop had do it big give him some leway  
If security stop trippin and you niggas be easy  
Yes sir it's the bubble right here  
Ya all beautiful women if you insecure

**\*\*Chorus\*\***

Let me see you work that, Twurk that, serve that c'mon  
and do the rodeo  
Let me see you bounce that, move that, do that, let me  
see you do the rodeo  
Let me see you work that, Twurk that, serve that c'mon  
and do the rodeo  
Let me see you bounce that, move that, do that, let me  
see you do the rodeo

It's like you don't even have nuttin' on  
Got everybody watchin' you so you can show that thong  
It's your birthday lil' mama get your kodak on  
But don't quit showin the world you in tha throwback  
zone  
We ain't beefin' like nah we on the positive vibe  
But I still get the homicide squad on the side  
See I'm holdin' on to the steering wheel controllin' the  
ride  
And ya'll comin out a bumpin' cuz I got it in drive  
I'm really feelin your outfit it must be nice  
A hard worker like myself could afford that price  
I ganked and nod and you a beautiful bitch  
You got a face and a ass and a smile that won't quit

**\*\*Chorus\*\***

Let me see you work that, Twurk that, serve that c'mon  
and do the rodeo  
Let me see you bounce that, move that, do that, let me  
see you do the rodeo  
Let me see you work that, Twurk that, serve that c'mon  
and do the rodeo  
Let me see you bounce that, move that, do that, let me  
see you do the rodeo

We not judgin by size that's all statistics  
Just turn the lights down and it's ballerific  
It's not the right spot to let your daughters miss it  
There's some freaks up in here and it's all explicit  
My round put me on ya just cuz he won't leave  
Shit I hope he don't be trippin on some be home shit  
Cuz Jack ain't worried about STACEY WYNN  
And he dont have to be puttin up with Stacy's shit  
I ain't lying sometime when you cross my pad  
Up in the club all night a nigga stomp your ass  
Big fine I ain't trippin  
And I know you ain't trippin cause I know you wore that  
the other night for me

**\*\*Chorus\*\***

Let me see you work that, Twurk that, serve that c'mon  
and do the rodeo  
Let me see you bounce that, move that, do that, let me  
see you do the rodeo  
Let me see you work that, Twurk that, serve that c'mon  
and do the rodeo  
Let me see you bounce that, move that, do that, let me  
see you do the rodeo
