Yeah, Classics... it's true LA

Back as a little lad, tears on my pillow, had me  
Workin' the block, hard as a brillo pair, he  
Searchin' the block high off a nickel-bag  
I searched my room, found my chrome mini-mag  
Now we own one and won't give my pistol back  
Guess he didn't figure, I want the hate 'zine  
Mama said I'm 18, so I gotta shake scene  
So I move on my daydreams  
Like the A-Team

[Chorus]

Mo money, mo money, mo  
Mo burden, Mo burden, mo  
Not funny, not funny, no  
Gotta have heat, this world is so cold

[Repeat chorus]

I'm the young Mr. T, with THC  
All through my respiratory, that's mandatory  
Self-explanatory  
The black MacGyver  
Wolfpack Messiah  
The Rappin' sire, spit  
Rapid fire, that's a strap  
No heat in these streets  
That's a wrap  
With no rap for us, you can trust  
It's a home robbery, and we wrap you up. yep  
All my homies kept guns, so I kept one  
The hood had love for me, like I was a stepson  
Even when I'm spaced out, high as the jetsons  
Not Elroy, do not tell boy  
But you do not know  
Cause you do not help the boy  
Heat smelt the boy  
Boy will grow, jails will blow  
Half your brains out so to hell you go. Yep

[Chorus 2X]

No jewels on my neck, but my minds an emerald  
Police shine lights tryin to find new criminals  
I don't speak to y'all, but I rhyme subliminal  
With y'all street soldiers, and I'm the general  
My physical is pitiful, pistols make you invisible  
My livings ain't livable, I slang from my living room  
And I know that my livers doomed  
We all in the killer mood, life wasn't silver spoons  
No Ricky Schroeder, just Dickie Dozier, Pac  
And we thug unorthodox  
I wanna change, but its hard to abort the block  
They trained a young champ in his sport to box  
Dead bodies, rigor mortis, the corpse of rot  
Don't report to the cops from the porch when it's hot  
Tryin' to watch everything, like reporters watch  
I'ma rap til this hot damn recording stop

[Chorus 2X]
