What does it all mean?
I'm mildly obsessed with the author of this book
What does it all mean?
Is it like Audrey the bitch who dumped me?
What does it all mean?
Is yellow blue, blue yellow?
Like a racecar on the sidewalk in the middle of the
night
I think I'll stay home tonight
There's that movie I want to rent
you know that one, the kids in the abandoned house
the one I'm writing this song for
the one I'm writing this song for
Hey, you! get out of my bed
What does it all mean?
Damn I don't want to go back to school
