I can dance I got the rhythm -
I can dance all night long.
I can dance with my baby
Keep on dancing to this song.

I can dance when I wanna

I can dance feels right

I can dance when you're near me

When you squeeze and hold me tight.

Was all alone dancing on my own
People laughed and I wnet home.
I found a style I'm going to stay
Keep on dancing in my way.

I can dance I got the rhythm - ...

I can dance when I wanna

...

I never had such a thrill before
When you touched me amd lh I want more.
You make me move and I still say

I'll keep on dancing in my way.

I can dance
