The whole world is sleeping  
I still lie up in my bed  
As I came Â'round to thinking  
That I donÂ't want nobody else  
I want to be with you  
And it kills me to say  
That I want to be with you  
That is just the way, itÂ's just the way now

Sleeping with my back to yours  
Back to back, back to back weÂ're strung out  
Sleeping with my back to yours  
DonÂ't walk away donÂ't walk away

When the whole world is thinking  
That I must be depressed  
The point that theyÂ're missing  
Is that I donÂ't want nobody else  
I want to be with you  
It kills me to say  
That I want to be with you  
That is just the way, itÂ's just the way now

Sleeping with my back to yours  
Back to back, back to back weÂ're strung out  
Sleeping with my back to yours  
DonÂ't walk away, donÂ't walk away

Back to back, back to back  
Back to back, and back to back  
Back to back, back to back

Sleeping with my back to yours  
Back to back and back to back weÂ're strung out  
Sleeping with my back to yours  
DonÂ't walk away, donÂ't walk away
