I'm gonna say it nice, don't wanna force a fight  
But I just can't take all this pain  
The things you say I do, like I'm no good for you  
You make me feel like I'm to blame  
Tells me that she wants me there, treats me like a child  
What should I do, can't stop myself from loving you  
I said now girl you're wrong to keep me hanging on  
You can't imagine how it feels  
You wouldn't stand for it even a little bit  
Your kind of world is so unreal  
Nothing for me, can't go on, it's just not the same  
It's 'cause of you, don't want to love you but I do

Baby don't break my heart  
Baby please stop before the breakin' starts  
Baby don't break my heart  
Baby please stop before it starts

I've waited patiently and lost some sanity  
With every night I sit alone  
If this is love I quit 'cause I can't deal with it  
I'll say good bye to all your games  
Tell you I won't stand for it, I can't be your fool
