What is the matter little girl
I can't stand to see you cry
You've got a problem with a boy
Who just can't make up his mind
He says in his heart that he wants you
And the truth is not a lie
If he had to sell his soul for thing he loved the most
It would be rock and roll
Got to be the rock and roll
He wants to rock and roll
Never gonna let it go
It's hard to explain it in a word
But as far as I can see
He's got to be playing his guitar
Just to keep his spirit free
He's gonna make it, give him time
'Cause it's not an easy road
The best thing you can do is smile
While he plays the gracious host
To his rock and roll
Got to be the rock and roll

He wants to rock and roll

Only thing he really knows

Got to rock and roll

And baby this is how it goes

Here it goes
