Don't know what you've really got.
It's hard to stay and not pretend.
You can't make sense in what you've thought.
It seems I can't comprehend.
Well I'm happy to be, only all that you see.
And I'm not one to learn to be the same.

I don't wanna hear you bitch no more.
I was better of a year before.
No matter how I try I can't ignore.
But every time I think my brain gets sore
When I'm with you.

What's so hard about good-byes?
ong (our love goes strong so long)
Couldn't we please be happily ever after (couldn't we
be, baby)
Leaving you never stays forever strong

[Case]
When i was away (umm...hmm)
Some friends became just faces
Some people grew apart
But you stayed right in my heart
In so many times, could picture this day inside my
mind
And for so many years, ooh
I knew it would be you here with me, ooh (yes i will)
Take you for my wife, the center of my life
And i will never ever fade
From this choice I've made, ooh...oh

Couldn't we please be happily ever after (come on)
We could be strong together for so long
Couldn't we please be happily ever after
Leaving you never stays forever strong (hey...ooh...hey
yeah)

You don't have to look no further than me
