Uh, uh, uh, whoa, whoa  
Yeah, yeah  
I know it's not too ghetto  
I know it's not too ghetto  
I said I know it's not too ghetto  
Whoa

You better check yourself, respect yourself  
You better go for self because I flow for self  
You gets no love from me

I'll tell you why there's no love  
Simply you're not cool enough  
For what we had between us  
Don't you know you lost my touch  
People ask me where you've been  
And I tell them where just friends  
Cos it's so obvious that it's never gonna work for us  
Oh no, no

Play with my emotions, you gets no devotions  
And you gets no love, gets no love  
You can't get no love from me  
You can't even be my friend  
And you gets no love again  
Whatever you do it will come back to you

Tell you why we can't hook up  
Cos I had about enough  
Hearing all the lies you tell  
Boy I though I knew you well  
People think that you're my man (my man)  
They don't even understand (because)  
Just because I let you get some  
That don't make it ??  
We ain't even in love  
You know that you play

Play with my emotions, you gets no devotions  
And you gets no love, gets no love  
You can't get no love from me

You can't even be my friend (yeah)  
And you gets no love again (come on)  
Whatever you do it will come back to you (ay yo faith)

[P. Diddy]

Let me talk to em one time, check this out  
Yo how the situation get so raw  
To the point we don't kiss no more  
Things I miss you don't miss no more  
That night I met you on the disco floor  
Every night since missed you more  
Making hits on tour  
Now when I knock you don't answer the door  
The phone ring you don't answer no more  
Cos you ain't tryna chance it no more  
Got to find me a new diva  
Something pretty for P. Diddy and his two-seater

[Loon]

Now you could never have a piece of my love  
So when you see me don't reach for no hug  
And don't speak in the club  
Don't tell me how you deeply in love  
Other day you tried to greet me with thugs  
That wanted to heat me with slugs  
See the message on my beeper was bugged  
Try to chill lay deep in the cut  
But you keepin it up  
Even my girl think of beating you up  
The way you keeping in touch  
She don't know if niggaz cheating or what

Boy we had a cool relationship (let's go, come on)  
But you couldn't handle it

Play with my emotions, you gets no devotions  
Whatever you do it will come back to you  
You can't even be my friend  
And you gets no love again  
Said you gets no love, gets no love, gets no love from  
me  
Play with my emotions, you gets no devotions  
Whatever you do it will come back to you  
You can't even be my friend  
And you gets no love again  
You gets no love from me  
Play with my emotions...
