

Summer "Farther"

Visit "[Farther](#)" on MotoLyrics.com

I watch your eyes
peeking at me through cloudy skies
I know you're far from me
but farther__ from the sea
The mystery's true
I see another point of view
the fire burns so hot inside my door
I know the score
my bruise is still a little sore
I've been kicked there so many times you see
tree's call your name, but do i want to do the same
I'm resisting you. . morning dew
So lost inside
something in me has up and died
and resurection's not my strongest suit
Love may come
but right now it seems a little under-done
let's leave it in awhile and turn up the heat
I'll find my way
to the night from the light of day
'cause daylight always blinds my eyes

comes as no suprise

You watch my eyes

tempurature starts to rise

I know you're far from me...but farther

from the sea

from the sea_____
