I suppose that innocence could hold you back
But I'll be sad when I get older
Like a body, you'll float to the top
With all the ageing on your shoulders

So climb that ladder slowly
'Cause I don't want to reach the top right now
Tie that leadbelt around your waist and mine
We'll do fine just hanging around for a while

Sometimes things just work out someway
Always things just work out this way
Sometimes things just work out someway
This way things just work out sometimes

Sometimes things just work out sometimes
