"Sleepy Feeling"

I've got a sleepy feeling now
Because you're around
Please don't ever let me down

And all the things I meant to say
You just close up, drift away
Into some sleepy daze

Wake me up and tell me why
You just woke me up

And all the things that are in your head
Still hang around you now
And all the things I seem to say
I try to figure them out somehow

Wake me up and tell me why
You just wake me up

I've got a sleepy feeling
Please don't ever let me down
And all the things I meant to say
You just close up, drift away
Into some sleepy daze
