Sitting by the side of the bed
Saying all the things that you said
Oh I read them once and then I turn away
Gonna save my sorrows for some other day

All I really want is just sound
Some of what you have and that's something
You say it's nothing and then you turn away
Well I really hope to have it someday

Something to dream of
Something to dream of

When you say it's nothing and then you turn away
But I really hope to have it someday
Something to dream of
Something to dream of
