Get it on the floor (WHAT?!)
Get it get it on the floor (WHAT?!)
Get it on the floor (WHAT?!)
Get it get it on the floor (that's right)

[Verse - DMX]
Once again it's the darker nigga
Hit or spark a nigga, break apart a nigga
But the dog is bigger, under stress
So unless you're wanting to bless to the chest
These slugs from his liver rest REST!
Or the pump'll put a hurt on a nigga
DUMB SEX, motherfucker feeding dirt on a nigga
My hands stay dirty, cause I play dirty the mob way
You don't know? fuck it find out the hard
A nigga's job is never done
I handle my business how it come
And there's never been a one on one
Nor has there been a problem, I dissolve them
I'm like salt, lock it up
Hate to fall but never wreck his car
And it's my fault, keep niggaz on point ducking down
Niggaz like you need to get bust you fucking clown
I extort to support my peeps
And hold down the fort, never get caught cause I
creeps NIGGA!

[Chorus]

[Verse - DMX]

I'm at the crossroads, look but I'm not really sure which way to go

Should I play that low for what I did the other day

They on their way to float, got me striking this random

I can't stand em, fake ass niggaz want to be the

Phantom

Looking over my shoulder, cause it's colder than it was

And start shorty, because I'm a little older than cuz

And the buzz from the saw, wit the chain to your brain

Will turn that BIG NIGGA to a fucking stain

That pain from the dirt makes the hurt go away for a minute

But I'm gon die by it cause I'm like knee deep in it

And you motherfuckers wonder why I start shit

Cause when you look in my face you see that hard shit

Cause I done been to hell and back I ain't wit selling crack

I'd rather rob a nigga leave him wit a shell up in his back

On the real just to show proof, hit the G.W.B.

And blow the whole roof off the toll booth bitch ass nigga!

[Chorus]

[Verse - DMX]

When I crawl, leave a nigga sprawled out after I spoke em

I'll slit his throat, dick in the mud and let his blood choke em

Up north niggaz get the pick stuck up in em

And in the streets bitches get the dick stuck up in em

My M.O. is man-slaughter kid

Cause on the reals I done wet up more motherfuckers than water did

Slid, cause I got to slide when the dirt is done

A homicide but they want me on the Murder 1

But as long as I got my gun, I'm aight

Stay outta sight while it's light, and then come out at night

To make moves again, stomp and bruise again

I know I'm going to hell cause I choose to sin

All my motherfucking life I been the Devil's advocate

Now niggaz never even knew the devil had a kid

But he does and when you hear the buzz of the chainsaw

You'll know what I'll split your motherfucking brains for

[Chorus - repeat 2x]

[Outro - Swizz Beatz]

Don't start nothing, it won't be nothing
Don't start nothing, it won't be nothing
You wanna start something, it's gon be somethin
You wanna start something, it's gon be somethin
Don't start nothing, it won't be nothing
Don't start nothing, it won't be nothing
You wanna start something, it's gon be somethin
You wanna start something, it's gon be somethin
Yo yo CMON!
