The dying light was nearly dead  
by the time we reached the water's edge.  
We saw the river beating on the river bank  
Oh the way that it (something) the riverbed.

It's cold  
It's dark  
It's not for people with uneasy hearts,  
But if you're with me on the other side  
Strike up the band; we have survived.

Oh do they beat that drum to get you back home,  
Or do they beat it to keep you away?

Don't be surprised at your regrets.  
Don't be surprised that the water made you wet.  
There's a shallow down river  
Where the water will forgive you,  
So spend your lukewarm bets

Follow me, oh follow me;  
Allow me to play the voyager.  
I'll try to keep as dry  
As the hollowed out tree that  
You would be wrapped in another man's fur

So Take a Dive  
Oh Take a Dive  
Oh take it out on the stepping stones that make the  
water rise  
So Take a Dive  
Oh Take a Dive

Ohohohohoh

Take that hair out of your damned eyes  
While the waves are away  
Now the sun will fade.

Do they beat that drum to get you back home,  
Or do they beat it to keep you away?

Will you burn your bridges down  
Singing lalalalalalala

Will you burn your bridges down  
Singing lalalalalalala

Will you bang your drum to the blazing sound  
Singing lalalalalalala

Will you bang your drum to the blazing sound  
Singing lalalalalalala

Will you turn away?

How can you turn away?
