"Waiting and Hoping"

by the SunDogs

You've got my number

And you've got my address

And I often wonder

If that is useless

And I'm looking your way

But I can't tell if I've got your attention

And I know

It's probably just some kind of reaction

But I know

That I have been waiting and hoping

And I have been waiting and hoping

And I have been waiting and hoping

For you

You wonder who I am

Some kind soft-spoken man

And I'm here to tell you now

Need you right here right now

And I'm looking your way

But I can't tell if I've got your attention

And I know

It's probably just some kind of reaction

And I know

That I have been waiting and hoping

And I have been waiting and hoping

And I have been waiting and hoping

For you
