Hoping, feeling
I will come back to you
And hold you in my arms

And I, I know you're wrong
But I can't change a single thing
It's like it's meant to be

Inside I feared to find it
That you cannot stand the fact
I'm not in love with you

And I, I've got the feeling
That I've really had enough
It had to end right here

There was nothing left to lose
Despite the time we've spent
Nothing left for you

And I still had the feeling
I won't find in you what I still sought
So what am I to do?

And I, I know you're wrong
But I can't change a single thing
It's like it's meant to be

And I, I've got the feeling
That I've really had enough
It had to end right here

And I still had the feeling
I won't find in you what I still sought
So what am I to do?

And I, I know you're wrong
But I can't change a single thing
It's like it's meant to be

And I, I've got the feeling
That I've really had enough

It had to end right here
