The watery light that mirrors in your desirable eyes
The way you move your lips while talking to somebody
else
I move a little closer just to hear what you say
You speak of loneliness but here's a soul adoring you

Here's a soul adoring you
Here's a soul adoring you

It's a wounded heart, it breaks in two
And in it's pain it sings for you
It's a wounded heart that feels afraid
Moves closer still fulfills its fate

It's a wounded heart, it breaks in two
And in it's pain it sings for you
It's a wounded heart that feels afraid
Moves closer still fulfills its fate

Your freedom's poverty that you do not recognize
The way you stalk the night while talking to somebody
else
I move a little closer just to know who you are
A slightly glowing ember, I'm the breeze igniting you

It's a wounded heart, it breaks in two
And in it's pain it sings for you
(I'm the breeze igniting you)
It's a wounded heart that feels afraid
Moves closer still fulfills its fate
(I'm the breeze igniting you)

It's a wounded heart, it breaks in two
And in it's pain it sings for you
(While talking to somebody else)
It's a wounded heart that feels afraid
Moves closer still fulfills its fate
(Here's a soul adoring you)

It's a wounded heart, it breaks in two
And in it's pain it sings for you
It's a wounded heart that feels afraid

Moves closer still fulfills its fate
