You're walking through the night
Still can't [Incomprehensible]
And I'm following behind

You're playing games of sin
None that fools can win
And I'm following behind

Following you, following you, following you

Do lovers understand your ply?
You command and they'll obey
And I'm watching from behind

One step forward, two steps back
I'm still following your track
And I'm watching from behind

Following you, following you, following you

Waiting here, beside you
I'm waiting for your call
Watching liars passing by
Ooh, I hate them all

Don't you realize
That I'm the only one
Who's good for you?

You're so heartlessly sincere
But I'm still following you endlessly
I'm following behind

You ain't whore, you ain't nun
On the hunt and on the run
And I'm watching from behind

Always cheating, telling lies
Behind your door I heard you sigh
"Oh prudence, come and rescue me"

Prudence come and rescue me

(Following you)
Prudence come and rescue me
(Following you)
Prudence come and rescue me
(Following you)

Prudence come and rescue me
(Following you)
Prudence come and rescue me
(Following you)
Prudence come and rescue me
(Following you)

Prudence come and rescue me
(Following you)
Prudence come and rescue me
(Following you)
Prudence come and rescue me
(Following you)

Prudence come and rescue me
(Following you)
Prudence come and rescue me
(Following you)
Prudence come and rescue me
(Following you)
