Fear that threatens you inside
you can run but you can't hide
things you've never seen before
and more ... and more ...
and more ...

Strange ideas you have been taught
and false prophets got you caught
no way out ...

this cage is made of thoughts
get more and more work your fingers to the bone
for all the useless things you own
happiness can not be bought
but you want more and more
you can't control your hunger deep down within
you can't solve the mystery of right and sin
no apparent difference will make it clear
not the slightest trace of hope relieves your fear
envy and prosperity wrapped in concrete
draw the bitter consequence entire defeat
trapped in neon wilderness
oh, wasted land fat and ugly humanoids can't find no vent
