Underneath the veil  
Underneath the veil  
Underneath the veil

Sand to sand, dust to dust  
Do I know whom to trust?  
Do I know what life could be?  
I know what I've seen

Promises almost kept  
Everything that you once said  
Seems to be just a lie  
But might is right

Underneath the veil  
Underneath the veil  
Underneath the veil

Underneath the veil  
I saw a stirring  
Underneath the veil

It may come out of the blue  
Unbelievable but true  
All and more than you could fear  
Has happened here

I'll show you what it's like  
Standing on the other side  
It's on the way to the end  
I'll hold your hand

Underneath the veil  
Underneath the veil  
Underneath the veil

Underneath the veil  
Underneath the veil  
I saw a stirring  
Underneath the veil

Underneath the veil

Underneath the veil  
Underneath the veil  
Underneath the veil

Underneath the veil  
Underneath the veil  
Underneath the veil  
Underneath the veil

Look at yourself and the comfort you live in  
You know what you've got when you know what you've  
given  
To the silence when there's nowhere else to go but

Underneath the veil  
Underneath the veil  
Underneath the veil
