Hot nights
I saw you dancing
spot lights
saw you romancing
and why should I pretend
I liked it when you
stopped looking through me
then you came right up to me
and when you took my hand
you made me understand
you'd take - and make - me dance.

Gigolo
the dance was over long ago
and I'm still in your arms
captured by your charms
it's like a movie show
oh
how I glow
Gigolo
the dance was over long ago
although it's mighty late
I can feel
it's made
me love you so.

I was
at first a little
shy 'coz
right in the middle
where everyone could see
the way you took me
around the floor and
shook me
for ever more and
the thunder in my heart
was tearing me apart
until - until - we kissed.

Gigolo

I thought this was just another night
but now you hold me tight
and everything's alright
tonight
tonight is our night.
