For all the freaks there pull out your tits so I can suck  
em  
Or put them muther fuckers together and ima fuck em  
I wanna see your pussy on my face so I can eat it  
Or put your whole fungers in it and ima hit it  
Two years ago a good friend of mine  
Said come on through and we can do in a line  
Fuck that I took her girlfriend by her arm  
Jumped in the love machine and rolled along  
Pulled over and parked and she got butt naked  
Said she was a virgin and she wanted me to take it  
Punk ass bitch ho trampin ass slut  
Lets run it to the telly if you wanna fuck  
Bitch couldnt wait grabbin my dick like a pro  
Put it all up in her mouth then she started to blow  
All I smelled was her pussy the bitch is gettin pushy  
I hit it frm the back steady slappin her tooshie  
Bustin mad nuts from D-town to Cali  
M-m-moanin in the valley you wanna ralley  
So I pulled in and and got the bitch a common meal  
Deep throatin and we chillen in my automobile

(Chorus)

Die bitch you hos aint shit  
Get off my dick before I bust your lip  
Dont even trip bitch ima cut your throat  
Start suckin on my dick till ya choke (2x)

I was mashin through the city the smell of pussy was  
thick  
Pulled over a combo a black and white chick  
Reached for the mint tic-tac on my tongue  
Gots to keep it fresh in case I'm eatin em  
She started talkin fuck it I take it  
Sols head between het legs started shakin she levitatin  
OH I need a breath lookin for a girl I know she still here  
though  
Damn I feel her tongue in my asshole  
I started mumblin humblin started the bitin  
She aint understandin that that shit excites me

Other chicks pulle dout with they first chance  
Confrontation on this shit and then I came whats her  
name  
Started the singin if I was startin to feel the music  
Like I was called marmaduka super duper  
They gettin at me check the engine and shit  
Put out the pistol clip on the girls and dump the  
evidence

(Chorus)

I'm a maniac I hit it form the back tight thug  
Rockin GHB into your beer mug  
Gimme a hug spank ho dont even fight it  
Do whatever with my dick it dont matter just dont bite it  
Bitches aint shit but hos and tricks  
Lemme pull out my dick and ima nut it on your tits  
Bitch I dont wanna be friedns I dont wanna be friends  
with you  
Unless you get down on your back for the whole crew  
Yea you witht he ass and no bra  
Whos pussy look wrapped like Niagra Falls  
You best to know this ho that I aint no joke  
Cus ima slam it an di crash and make sure its broke  
Like a poclet you jock it bitch you aint heard  
Ima suck up on your clit like word  
Clean your butt to the hip hop hippity hip hop  
Your lips mad loose like a flip flop  
Oh well I busted in her and the ho fell  
I looked into her eyes and she was scared as hell  
Fuck I'm in the studio bustin old raps  
And this bitch got a to year old trap  
Wicked as hell but he dont even cry though  
First to words out his mouth was Dada  
Shut the fuck up pussy aint worth the riot  
I'm in denial when I'm cruisin down 7 mile

(Chorus)
