I don't want to hear that monkey talk

Get your shit and start to walk

If you want to hear what I have to say

Then put that damn monkey away

(Chorus):

The monkey laughs

The monkey cries

That fucking monkey's full of lies

The little creature has nothing to show

That fucking monkey has got to go

The monkey walks

The monkey crawls

The monkey bites

The monkey claws

(Chorus)

That monkey's gonna kill me

If I don't kill him first

That stupid monkey's all I see

I've felt better, but I can't feel no worse

(Chorus)

The monkey bites me

And brings me alot of pain

I can't feel my body

That stupid monkey's gonna make me Insane!

(Chorus)

My vision slowly dying

My brain feels like it's frying

My breathe has come to stop

My body's slowly rotting

With that fucking monkey on top!

(Chorus
