I, I can't believe I tried to deny,
Everything I knew was so right.
I was stubborn, I was stupid and it was bad.

You were great, and you loved me every day,
But I still pushed you away.
And now all I do is think 'bout what we had.

You gave your heart, I turned away,
You had no choice, you couldn't stay with me
And I know it's my fault

But give me one chance to make it right,
I don't know why I tried to fight,
You were the only thing I had and now you're gone.
I should have never let you go,
Took me so long but now I know,
There's only one thing that I need to carry on...
And baby girl it's you, I know it's you, it was always you

I was blind, and I was scared of settling down,
But I think I finally found,
Found the sense to see that what we had was love.

But I messed up and hurt you, no I don't deserve you,
So scared of commitment but baby I'm different I've
changed,
And I owe it all to you.

So give me one chance to make it right,
I don't know why I tried to fight,
You were the only thing I had and now you're gone.
I should have never let you go,
Took me so long but now I know,
There's only one thing that I need to carry on...
And baby girl it's you, I know it's you, it was always you

It's always you, oh oh
It's always you, oh oh
It's always you, oh oh
If you're feelin' what I'm sayin' let me sing it again

It's always you, oh oh
It's always you, oh oh
It's always you, oh oh

So can you give me one chance to make it right,
I don't know why I tried to fight,
You were the only thing I had and now you're gone,
yeah
I should have never let you go,
Took me so long but now I know,
That there's only one thing that I need to carry on...
And baby girl it's you, I know it's you, it was always you
