Night-

And the world is fast asleep

I will hold you here and keep

All our secret dreams and plans

You-

Never thought our love could last

Now you've put that in the past

'Cause you finally understand

CHORUS

That after all

The times you told me that we'd never be good
together

After all things you said

That made me think that you'd never call

Now you've turned around and told me

That you want to stay here forever

And you're back here in my arms

Where you belong

After all

We-

All the promises we made
All the words we never said
Never knowing what was right
You didn't know-

That the love we used to share
Wasn't 'cause it wasn't there
We'll make up for it tonight

CHORUS

We were young
And your dreams took you places far from me
I was wrong
To believe
That you'd go
'Cause here you are

CHORUS
