There's a chance you will be there.

I'd like to know the truth, I'll find out somehow.

Chances are too strong, chance you will be there.

Please be there alone. Help me speak out loud.

Chances aren't enough, ones too good to me.

Chances are too strong, chance is all there is.

There's a Chance you will be there

Wandering what to do, how to play my role.

I'll leave it up to you, If I disguise my smile.

It gives too much away. What if we can't speak?

What I'm trying to say, don't you be too long

Something has gone wrong. Chances are all gone.

Repeat 2nd verse
