Graham Russell)

It happened long ago

When I felt the need

For a life of my own

I dreamt of summer love

And moving high up north

But no one would go

So I walked up the hill and lay there

Imagining the day was near

I know I want to stay there

And be a great pioneer

I made a promise then

That I'd find a place

Where my world won't end

Give me a piece of land

That will be my life

That I will defend

If I work really hard

I will surely survive

I know my virtue is strong

No one could oppose a spirt

So raw to be a part of the state
To be known as a great pioneer
I keep the fires burning
To let you know I'm free
My heart will always be yearning

CHORUS

To be a part of the state
To be a part of the state
To be known as a great pioneer
And if it all should end
AND I hear the call
From the great unknown
I'll need to go my way
Let me have my day
Let me be alone
I was dreaming here and lay there
Knowing that my time is here
I know I wanna stay there
And be a part of the state
And be a part of the state
And be known as a great pioneer
