Rob Hegel/Dick Wagner)

I've had a lot of big dreams

I've made a lot of bad moves

I know you could walk away

But you never do

I've met a lot of cold hearts

I've learned to smile and deceive

I know I'm hard to be around

But you never leave

I'm not easy to understand

But you hold out your hand

CHORUS

And you say you love me

Just as I am

You always treat me

The best that you can

You say you want me, need me

Love me, baby

Just as I am, just as I am

I've made a lot of heartaches

I've found a lot of closed doors

When all the others turn away

You love me more

You love me more

I'm not easy to understand

But you hold out your hand

CHORUS

I want to love forever

To keep our world together

And be the best that I can be

Baby, every time the world caves in on me

CHORUS
