How can I convince you
What you see is real
Who am I to blame you
For doubting what you feel
I was always reaching
You were just a girl I knew
I took for granted
The friend I have in you
I was living for a dream
Loving for a moment
Taking on the whole world
That was just my style
Now I look into your eyes
I can see forever
The search is over
You were with me all the while
Can we last forever
Till we fall apart
At times it's so confusing
The questions of the heart
You followed me through changes

And patiently you'd wait
Till I came to my senses through
Some miracle of faith
I was living for a dream
Loving for a moment
Taking on the whole world
That was just my style
Now I look into your eyes
I can see forever
The search is over
You were with me all the while
Now the miles stretch out behind me
Loves that I have lost
Broken hearts like victims of the day
Then good luck it finally struck
Like lightning from the blue
And every highway's leading me back to you
Now at last I hold you
Now all is said and done
The search has come full circle
Our destinies are one
So if you ever loved me
Show me that you give a damn
You'll know for certain
The man I really am

I was living for a dream
Loving for a moment
Taking on the whole world
That was just my style
Then I touched your hand
I could hear you whisper
The search is over
Love was right before my eyes
