Graham Russell)

Where are all the tricks that people play

When they're afraid to say

I want you to hold on to me

If I let you go again tonight

Whose arms will keep me warm

And take me where I want to be

But if I lose and then surrender all I know

What would I do if you decided to let go

Hopelessly I'd stand there with everything all gone

My head down in my hands

Just wondering why

CHORUS

This heart belongs to me

And I know what I believe

But now it longs to be

Only with you

Where are all the words I sometimes say

When I'm afraid to ask

I want you to hold on to me

Anyway you want to let me know

You're sharing my belief
Of wanting to hold on to me
I tell the truth and risk you running from my life
So much to lose and yet
You know how hard I try
Hopelessly I'd stand there with everything all gone
My head down in my hands
Just wondering why

CHORUS

My love it goes only to one
This heart belongs to me
MY love it goes only to one
This heart belongs to me
My love
My love
This heart belongs to me
My love, my love
This heart belongs to me
