Graham Russell)

Now you tell me that the time is right

You've let your feeling go

And you know I won't use them up too fast

I can't promise you the best there is

Bot, oh, I'm gonna try

I'm never gonna let you go tonight

CHORUS

Tonight, the start of a love to remember

Tonight, a love that will never be ended

Tonight, tonight

Let me take you where there's no return

Where dreams can all come true

I've got the feeling we've been holding on too long

What we're feeling is ours alone

No one will ever know

Just how we feel about tonight

CHORUS

How many times has love fallen through

When I left it all up to you

I took your words when you said

It's got to be just right

I need you now, I need you now

CHORUS
