TWO LESS LONELY PEOPLE IN THE WORLD

Air Supply

Words by Howard Greenfield

Music by Ken Hirsh

I was down my dreams were wearing thin

When you're lost where do you begin

My heart always seemed to drift from day to day

Looking for the love that never came my way

Then you smile and I reached out to you

I could tell you were lonely too

One look then it all began for you and me

The moment that we touched I knew that there would
be

CHORUS

Two less lonely people in the world

And it's gonna be fine

Out of all the people in the world

I just can't believe you're mine

In my life where everything was wrong

Something finally went right

Now there's two less lonely people in the world

Tonight

Just to think what I might have missed

Looking back how did I exist

I dreamed still never thought I'd come this far

But miracles come true, I know 'couse here we are

CHORUS

Two less lonely people in the world

And it's gonna be fine

Out of all the people in the world

I just can't believe you're mine

In my life where everything was wrong

Something finally went right

Now there's two less lonely people in the world

Tonight

Tonight I fell in love with you

And all the things I never knew

Seemed to come to me somehow

Baby, love is here and now there's

CHORUS
