On the edge looking over

All I see is a four-leaf clover

May be a sign of things to come

Should I jump or should i run

Chorus:

After i fall where do i stand

After my heart is in your hands

And you've got it all

After I fall where do i stand

After I've loved you all i can

Will i still stand tall

After i fall

It's as clear as a blue sky

I don't fear you telling me a lie

So i'll become your only dancer

And let the sunrise bring the answer

Repeat Chorus

You're a move i want to make

You're a chance i'm gonna take

You're every dream rolled up in one

After I fall where do i stand

After i loved you all I can

After i fall

After I fall

After i fall
