Lee Ann Womack/Jason Sellers/Wynn Varble)  
(Track 9 - Time 3:30)

Grabbed my keys  
The door is locked  
I turned off the coffee pot  
Running late as I back out of the drive  
I feel like I'm forgetting something

Feeling good, great big smile  
First time in a long, long while  
You ain't been the first thing on my mind  
Yeah, I feel like I'm forgetting something

Maybe my heart is finally healing  
Could it be I'm a getting over you  
Baby I'm better now at dealing  
With living life without your loving  
Your memory's down to nearly nothing  
Yeah I feel like I'm forgetting something

There's a guy at work, he's cute for sure  
I've never noticed him before  
Something's had me so preoccupied  
But I feel like I'm forgetting something

Maybe my heart is finally healing  
Could it be I'm a getting over you  
Baby, I'm better now at dealing  
With living life without your loving  
Your memory's down to nearly nothing  
I feel like I'm forgetting something  
I'm living life without your loving  
Your memory's down to nearly nothing  
I feel like I'm forgetting something
