(Track 8 - Time 3:36)

If I see you on the street and start to cry

If it looks like I'm so lonesome I might die

If you can hear my heart just breaking right in two

Remind me once again who left who

I keep forgetting

That I don't need you now

It slips my mind

That's I'm the one who said we were through

I just can't seem to remember

It was me who walked out the door

I keep forgetting

I don't love you anymore

If your phone should ring in the middle of the night

If missin' you's a feelin' I can no longer fight

If I beg you please just give me one more try

Remind me I'm the one who said goodbye

I keep forgetting

That I don't need you now

It slips my mind

That's I'm the one who said we were through

I just can't seem to remember

It was me who walked out the door

I keep forgetting

I don't love you anymore

I keep forgetting

I don't love you anymore

I keep forgettin
