It's like jumpin' , it's like leapin'

It's like walking on the ceiling

It's like floating, it's like flying through the air

It's like soaring, it's like gliding

It's a rocket ship you're riding

It's a feeling that can take you anywhere

Chorus - So why the call it falling

Why they call it falling

Why the call it falling

I don't know

There was passion, there was laughter

The first morning after

I just couldn't get my feet to touch the ground

Everytime we were together

We'd talk about forever

I was certain, it was heaven we had found

Chorus - So, why they call it falling

Why they call it falling

Why they call it falling

I don' know

But you can't live your life

Walking in the clouds

Sooner or later

You have to come down

It's like a knife, through the heart

when it all comes apart

It's like someone takes a pin to your balloon

It's a hole, it's a cave

It's kind of like a grave

when he tells you that he's found somebody knew

Chorus: And why they call it falling

why they call it falling

why they call it falling

now i know

why they call it falling

why they call it falling

Now I know
