Am I in a scene from Midsummer Nights Dream?
I thought raves like these died in the 90's
The forest is breathing along with us tonight

Upper class thugs take middle class drugs
And we all get lowered in size
This is not my scene, I should not be here tonight

Laura, Laura
Laura, you could get me home tonight

Trance music bangs a comical dance
Of cardboard boxes and fish
We're the fairies from hell and we're all on a death wish

This is not my scene, this is killing me
I don't want to be here tonight
And the girl who can save me is well across the Pennines

Laura, Laura
Laura, you could get me home tonight

Laura, Laura
Laura, you could get me home tonight
Laura, Laura
Laura, you could get me home tonight
