Brings a rose
Slaps your face
Says your pain
Is a state of grace

Mirror cracks
Image bleeds
He'll touch your desires
But not your needs

I stand at an open window
I see everything there is to see

I-I-I I've been watching you
Isn't it true the fool keeps taking you down down
Taking you
I-I-I I've been watching you
Isn't it true the world keeps taking you down down
Taking you

Party ends
On the floor
Hear a voice
Behind the door

In the dark
You play his game
Forget yourself
Forget your name

I stand at an open window
I see everything there is to see

I-I-I I've been watching you
Isn't it true the fool keeps taking you down down
Taking you
I-I-I I've been watching you
Isn't it true the world keeps taking you down down
Taking you

So there you are all dressed in black

Walk away and don't look back
But if you must then cast a stone
The light is on but there's nothing and no one home

Cos I've been watching you
Isn't it true the fool keeps taking you down down
Taking you
I-I-I I've been watching you
Isn't it true the world keeps taking you down down
Taking you
I said I I've been watching you
Isn't it true the fool keeps taking you down down
Taking you
I-I-I I've been watching you
Isn't it true the world keeps taking you down down
Taking you down
