I want to show you the picture I drew  
When I was on the phone talking to you  
I made a heart and I colored it red  
'Cause I want you here on my side of the bed

I've been dreaming since I was born  
And in my dreams I see eyes like yours  
I'll be the pillow where you lay your head  
If you come and sleep on my side of the bed

Lay down the streets are white like the moon my love  
Dream with me in my room  
Lay down

I know you hurt I feel the pain  
Take my hand and come out of the rain  
We all need to be comforted  
You can get your's on my side of the bed

Lay down the streets are white like the moon my love  
Dream with me in my room  
Dream with me
