I was down in the valley, way down in the valley
When the Saviour heard my feeble cry-y
Now I'm back up on the mountain, way up on the
mountain
Drinkin' from the fountain that never will run dry

Well there was darkness all around me when my
Saviour found me
Way down in the valley of despair-air
And I told Him all my troubles, my joys then He doubled
Now I'm back up on the mountain rejoicin' in His care

But I was down in the valley, way down in the valley
When the Saviour heard my feeble cry-y
Now I'm back up on the mountain, way up on the
mountain
Drinkin' from the fountain that never will run dry

If you don't want you're Saviour, he'll get you in the
valley
And hide you from the Saviour's guidin' li-ight
But He will stay behind you and never ever find you
Way up on the mountain He'd fight a good fight

I was down in the valley (in the valley)
Way down in the valley (in the valley)
When the Saviour heard my feeble cry-y
Now I'm back up on the mountain (on the mountain)
Way up on the mountain (on the mountain)
Drinkin' from the fountain that never will run dry

I was down in the valley, way down in the valley
When the Saviour heard my feeble cry-y
Now I'm back up on the mountain, way up on the
mountain
Drinkin' from the fountain that never will run dry

I was down in the valley, way down in the valley
When the Saviour heard my feeble cry-y
Now I'm back up on the mountain, way up on the
mountain

Drinkin' from the fountain that never will run dry
I was down in the valley, way down in the valley [fade]
