Another Christmas what a time
I wish I had somebody to call mine
As all the carols were sing together
All through the night
Falalalalalala
All the gifts sitting under the tree
They don't really mean
That much to me
If only this year
I could have someone by my side
Singing Falalalalalala
I hope my Christmas wish comes true
Hey Santa do you hear me
When underneath the mistletoe
I found you
It's a miracle
A Christmas miracle
Oh boy it's Christmas
Everybody singing Falalalalala
Season for wishing
This year I found somebody special
And I'm thankin' you for all the joy
And making this oh
The best Christmas ever
Cause I found you
Snowflakes floating in the air
A Jack frost dipping on my ear
But I'm warm and cozy with you
Here by my side Falalalalalala
This holiday so full of cheer
Wanna feel it even more this year
Like a reindeer
Making me believe I can fly
Singing Falalalalala
So glad my Christmas wish came true
Yes Santa really heard me
Cause underneath the mistletoe
I found you
It's a miracle
A Christmas miracle
Oh boy It's Christmas

Everybody singing Falalalalalala
Season for wishing
This year I found somebody special
And I'm thankin' you for all the joy
And making this oh
The best Christmas ever
Cause I found you
Yeah babe babe found ya
Underneath the mistletoe
The bestest present
I could ever get without a row
Look at me singing
Jingle bells ringing
Better get ready
Cause Santa is bringing you
And all that I wanted was you
I'm so glad
My Christmas wish came true
I guess santa really heard me
Cause underneath the mistletoe
I found you
It's a miracle
A Christmas miracle
Oh boy it's christmas
Everybody singing Falalalalalala
Season for wishing
This year I found somebody special
And I'm thankin' you for all the joy
And making this oh
Oh boy it's christmas
Everybody singing Falalalalalala
Season for wishing
This year I found somebody special
And I'm
Christmas time with you is better
This is the best Christmas ever
Christmas time with you is better
This is the best Christmas ever
