"Fireball"

I get a late night urge to ramble
I got my car all set to scramble
Don't really know where I'm gonna go
I put my foot down on the pedal
I put the pedal to the metal
Roll down the highway just like a fireball

I'm rockin'! There's no stoppin'!
Fireball burnin' out of control
Get goin'! Ain't no slowin'
Fireball burnin' ...gotta rock-n-roll!

Ignition, my transmission
Nuclear fission Rigmarole
I need it, gotta feed it
Fireball burnin' out of control
My heaven, fifty seven
Gray metallic ready to roll
Speed demon, engine screamin'
Fireball burnin' out of control
