I believed you  
I had no reason not to  
When you told me I  
Could trust you with my life  
But I've been learning  
That you're a different person  
Than you advertise  
And I just buy and buy and buy and buy

You're nothing but trouble  
You burst my bubble

'Cause you were just heaven on stilts  
You're wobbling  
You're wobbling  
Now look at my heaven on stilts  
It's stumbling  
It's tumbling down

I heard a crash  
Oh well, well welcome back  
The ground will suit you fine  
It's far more open to your kind  
And my heart's been yearning  
But at least my neck's no longer hurting  
From looking up at the sky  
Oh so high, so high, so high, so high

I'll never recover  
Goodbye, seesaw lover

You were just heaven on stilts  
You're wobbling  
You're wobbling  
Now look at my heaven on stilts  
It's stumbling  
It's tumbling down

I thought that you were stable  
Why couldn't you be stable?

How the hell we gonna make it to heaven?
