Here's the place where I grew up
A street I never lived on
I have no roots here at all
No affiliations
Just a temporary stop
Just a second on a clock

I'm not ashamed to say I hail
From a street I never lived on
It's just a place to send the mail
And write on applications
Nothing but a paper trail
Just a breath that I'll exhale

Ah

I know that I'm leaving eventually

You said that you grew up too
On a street you never lived on
Your room didn't have the room
For your imagination
Just something you had to do
Imagine that you're leaving soon

Ah

Just know that you're leaving eventually

Ah

We know that we're leaving eventually

(Directions
Hang a left and please
Turn right towards me)

I know that you'll find me eventually

(You mentioned
That you've never seen

The sky so 3D)

I know that you'll leave me eventually
