(music: arcwelder lyrics: s.macdonald)

Wish I weren't so sensitive - that I could blow it off  
And wish you the best but that's just me and I just can't  
Didn't even care at first but you reeled me in  
And now I'm hanging here deboned and gutted

[chorus]

What was I doing? What was I thinking?  
Where was I going? Why did I care?  
What was I doing? What was I thinking?  
What was I asking? Why did I care?

Keep your distance so I can heal - don't you pick at my  
scabs

I can't allow myself to feel but I'm weak and I want you  
It's not my fault that you don't know what you want  
I will laugh at this tomorrow if I can ever fall asleep

[chorus]

Some days are better than others - this must be one of  
those others

So I hide behind the fans - they make me feel OK  
I will pull myself out of this - there is light at the end of  
the tunnel

As long as you don't blow it out with your sweet and  
sour breath

[chorus]
