I walked thousand miles and I would walk thousand
more
If I can dry tomorrow's tears
I woke up this night
A thought in my mind
Caught my soul my heart
My faith was born

While thousand stars
Are falling down in my hands
The bitter truth comes to my mind
Look in their eyes
And yes I look at their smile
Have to cry, I have to cry, have to cry

Refrain: (2x)
I'm collecting magic ones
To save the world
To clear the way
Out of fear and out of trouble
Come along with me

I told them the truth
The truth of my heart
But they just laughed at me - they broke it apart
But I see up the sky and now I know it's true
You are my friend and I'm with you

Refrain (2x)

I'm not different from the others
I can't give you more than love
I can't solve your problems
But I'll encourage you if you lose your way

I'm collecting magic ones...
I'm collecting magic ones...

Refrain

I walked thousand miles and I would walk thousand

more

Don't know if my dream, my dream becomes true
But although I'm not sure, go to the end of the street
Go this way is my hope and my hope is my dream

Refrain (2x)
