What's up my boy
that I feel so lonely today
What's up my boy
I had to start all over again

Stay on what you just said to me
And wipe that grin of your face boy
Feel this pain is everywhere
And all your words, oh it hurts boy

Refrain: (2x)
Oh I want you babe and I need you babe
So stay that night
I'm crying babe and I love you babe
So hold me tight

Oh baby, it hurts that much...

What's up my love
My wild fancies have all been pushed home
What's up my love
I don't get a wink of sleep

I feel my heart but I've lost my body
I curl my lips at your dirty words
I put it down to ignorance
But that hurts even more

What's up my love - ooooooh
What's up my love

Refrain

And I want you babe

Stay on what you just said to me
And wipe that grin of your face boy
Feel this pain is everywhere
And all your words, oh it hurts boy

Refrain (4x)

Oh baby, it hurts that much...
Hey - what's up
