On the night of april the 14th  
A little girl walked to new york, new york  
Her best friend jonny said  
It'd be impossible 'cause  
Seattle is too far away from new york, new york  
Seattle is too far away from new york, new york

She only talked to jonny  
Talked to him that night  
Only talked to jonny  
Then she walked to new york

It happened eight years ago today  
I'm the little girl walked to new york, new york  
My best friend jonny said  
It'd be impossible 'cause  
Seattle is too far away from new york, new york  
Seattle is too far away from new york, new york

Chorus:  
She only talked to jonny  
Talked to him that night  
Only talked to jonny

She only talked to jonny  
Talked to him that night  
Only talked to jonny  
Then she walked to new york

It was hard for them that I was gone  
Only jonny knew why I fled to new york  
He was my best friend jonny yeah  
I know I loved him 'cause  
Seattle is too far from new york, new york  
Seattle is too far from new york, new york

Chorus

Oh jonny...
