"Losin' you"

Visit "[Losin' you](#)" on MotoLyrics.com

I see your eyes in every window
Read your words in every smile
Feel your lips in every touch
And your hands in mine

See you move around the corner
See you all around my head
I see everything but
Not myself

What am I lookin' for when I close my eyes
What am I trying to hide when I lie

Refrain:
I'm I'm losin' you
I'm I'm losin' you
I'm I'm losin' you today
I'm I'm losin' you

I smell your tears in every street boy
I taste your blood it tastes like mine
Write your name in every word as
If my hands weren't mine

She dreams of you every night and
Dreams of you every day
Feels everything but
Not herself

Refrain

So please believe me
That's all that she needs
Although she's in love boy
I lose myself

What am I lookin' for when I close my eyes
What am I trying to hide when I lie

Refrain

I see your eyes in every window
Read your words in every smile
She feels your lips in every touch
And your hands in mine
